

Solar powered battery trickle charger (18W)

Charge your batteries in your remote cabin, RV or during your camping trip. Perfect match for replacing the daily power consumption of 12V lighting systems and appliances such as radios, small TV's or laptops. Can also be used for charging small backup power systems.

- The Coleman Solar Charger provides immediate charge when exposed to daylight, even on cloudy days
- Engineered to trickle charge 12V batteries, including automotive, deep cycle, traction, gel-cell and heavy-duty
- LED indicator lets you know the panel is charging
- Mounting screws included
- Plug'n'Play® for quick connections, 10' power cable, cigarette lighter adapter and battery clamps included
- For this powerful solar panel we recommend the use of a charge controller (CC4000)

Specifications	
Model number	CL-1200
Item number	72003
UPC-code	7 75540 72003 8
Power	1200mA, 15V (18W)
Case protection	Weatherproof
Warranty	2 years
Certification	CE
The box includes	
(1) solar panel CL-1200	
+ (1) 10' Power extension cable	
+ (1) cigarette lighter adapter	
+ (1) battery clamp connector	
+ (1) mounting screw set (containing 4 screws)	
+ (1) instruction manual
