

Solar powered battery trickle charger (54W)

Powerful integrated set to charge your batteries in your remote cabin, cottage, RV or during your camping trip. Perfect match for replacing the daily power consumption of 12V lighting systems and appliances such as coolers, TV's, laptops or PC's. Can also be used for charging small backup power systems.

- Charger provides immediate charge when exposed to daylight, even on cloudy days
- Engineered to charge 12V batteries for remote systems
- LED indicator lets you know the panel is charging
- Mounting screws included
- Plug'n'Play® for quick connections, 10' power cable, cigarette lighter adapter and battery clamps included

Specifications	
Model number	CL-3600
Item number	51016
UPC-code	7 75540 51016 5
Power	3600mA, 15V (54W)
Case protection	Weather Proof
Warranty	2 years
Certification	CE
The box includes	
(3) solar panels CL-1200	
+ (1) charge controller, 4A	
+ (1) three into one wire junction harness	
+ (1) cigarette lighter adapter & battery clamp connector	
+ (3) mounting screw sets (containing 4 screws each)	
+ (1) instruction manual	
Weights & Dims
